# REASONS FOR CHOOSING ARTO

## Brand

Stylish design has always been a stamp of authenticity of Villeroy & Boch. With a keen sense of trends, we create distinctive bathrooms that make life more beautiful and comfortable. You can experience the result of our research and development every day anew. With great attention to detail, our innovative products and solutions make every minute in the bathroom a pure pleasure.

With precise craftsmanship, state-of-the-art technology and strict quality standards. We create products that are designed to last and continue to perform like they were still brand-new, years into the future.

The name Villeroy & Boch guarantees the highest quality and reliability.

# DirectFlush

## Our Hygiene Champion

A perfect design for the highest degree of cleanliness

Thanks to the innovative rimless design, DirectFlush WCs can be cleaned quickly and thoroughly – for quintessential hygiene. It can be hard to clean under the rim of a standard toilet as the toilet brush and cleaning agent do not reach everywhere.

### Hygiene

- Easy care and immaculate cleaning thanks to the rimless design
- The total interior of the bowl is completely flushed
- Precise, splash-free flow of water in the toilet right up to the level directly below the rim

### Efficiency

- Ideal water flow for maximum flushing effect
- Water-saving, with a flushing volume of only 3 or 4.5 litres

# Quaryl®

## Innovative baths and shower trays

Quaryl® from Villeroy & Boch, is a unique material for unique bathrooms. This exclusive, high-performance material is robust and durable with the ability to be moulded into unusual, intricate design shapes that display clearly defined edges and small radii. Quaryl® is a cutting-edge material leading the way in product design. This non-porous, smooth material offers warmth to the touch, making it perfect for creating high-quality baths and shower trays for customers who appreciate the finer things in life.

### The Advantages of Quaryl®

- Trusted quality for more than 20 years
- High-impact resistant, shockproof and scratch-resistant
- Very high load-bearing capacity of up to 1,000kg
- Unique shine even after many years of use
- Lasting colour stability and UV resistance
- Easy to repair surface
- 10-year guarantee on Quaryl® products subject to the terms of the guarantee
- All products made in Central Europe
